REALIGN THE COMMON BOUNDARY BETWEEN TWO LOTS

93.01-1 Information requirements

An application must be accompanied by the following information as appropriate:

- A copy of title for the subject land and a copy of any registered restrictive covenant.
- A layout plan, drawn to scale and fully dimensioned showing:
  - The location, shape and size of the site.
  - The location of any existing buildings, car parking area, driveways, storage areas, loading areas and private open space.
  - The location of any easements on the subject land.
  - The location of the approved stormwater discharge point.
  - The location and details of any significant vegetation.
  - The location of any street trees, poles, pits or other street furniture.
  - Existing and proposed vehicle access to the lots.
  - Any abutting roads.
  - The location of the existing and proposed common boundary between the lots and the proposed size and shape of the realigned lots.
  - Any proposed common property to be owned by a body corporate and the lots participating in the body corporate.
- If the land is in more than one ownership, the consent of the owners of the land.
- If common property is proposed, an explanation of why the common property is required.
- A written statement that describes:
  - The existing use of the land and its possible future development.
  - The reason for the realignment of the common boundary.
- If the land is in an area where reticulated sewerage is not provided, a plan which shows the location of any existing effluent disposal area for each lot or a land assessment which demonstrates that each lot is capable of treating and retaining all wastewater in accordance with the State Environment Protection Policy (Waters of Victoria) under the Environment Protection Act 1970.
- If the land is in a residential zone and the realignment of the common boundary will result in a vacant lot, information that shows that the vacant lot meets the requirements of Standard C8 of Clause 56.

93.01-2 Decision guidelines

In assessing an application the responsible authority must consider as appropriate:

- The suitability of the subdivision including how the layout and dimensions of the subdivision:
  - Respond to and integrate with the surrounding urban environment.
  - Protect significant vegetation.
- Appropriately accommodate any existing or proposed easements on the lots.
- Protect solar access for existing and any future dwellings on the lots.
- Appropriately accommodate any existing waste storage areas, loading bays and vehicle standing areas on the site.
- Appropriately accommodate private open space.
- Appropriately accommodate the provision of utility services to each lot.
- If the land is in an area where reticulated sewerage is not provided to each lot, whether the layout of the subdivision accommodates the effluent disposal area for each lot.
- Appropriately accommodate the siting of buildings having regard to the risk of spread of fire.
- Appropriately accommodate the existing use and possible future development of the land.
  - Whether the provision of common property is appropriate for the purpose for which the land is to be commonly held.
  - If the land is in a residential zone and the realignment of the common boundary will result in a vacant lot, the objective and standard of Clause 56.04-2.
