SCHEDULE 4 TO THE ENVIRONMENTAL SIGNIFICANCE OVERLAY

Shown on the planning scheme map as **ESO4**

SUNDAY CREEK CATCHMENT

1.0 Statement of environmental significance

The Declared Catchment of Sunday Creek is an important resource area within the Mitchell Shire area. Maintaining the quality of water supply in the catchment is an environmental and economic imperative for this area.

2.0 Environmental objective to be achieved

To ensure the protection and maintenance of water quality and water yield within the declared Sunday Creek Water Supply Catchment Area as listed under Section 5 of the Catchment and Land Protection Act 1994.

3.0 Permit requirement

Applications of the kind listed below must be referred to the Department of Natural Resources and Environment and to the relevant Water Authority:

- Subdivision creating lots less than 40 hectares.
- Intensive agriculture, lot feeding, poultry farming and pig keeping, or any other intensive land use.
- Any use or development which the responsible authority considers may not satisfy the objective of the overlay.

4.0 Decision guidelines

None Specified.
