INTEGRATED PUBLIC TRANSPORT PLANNING

Purpose

To ensure development supports public transport usage.

To ensure that easily accessible public transport networks, which are appropriate to the scale of the development, and high quality public transport infrastructure are provided as part of new development.

To ensure that development incorporates safe, attractive and convenient pedestrian access to public transport stops.

To ensure that development does not adversely affect the efficient, equitable and accessible operation of public transport.

Referral requirement

An application of the kind listed below must be referred in accordance with Section 55 of the Act to the Public Transport Development Authority.

An application to subdivide land, to construct a building or to construct or carry out works for any of the following:
